

PRIVADA

DISTINCTIVE. EXCLUSIVE. YOURS.

PRIVADA® Cubicles combine elevated aesthetics with modern function to solve high-end restroom design challenges. Interlocking panels eliminate sightlines and form flush surfaces. Occupancy indicators provide peace of mind. Recessed foot pedestals create a floating effect. Doors close on their own, smoothly and gradually.

Choose from a variety of heights, colors, finishes and hardware. It all adds up to a distinctive experience that exclusive restroom projects deserve.
